PROXY STATEMENT

2011 Annual Meeting of Stockholders

GENERAL

We are furnishing you this proxy statement in connection with the solicitation of proxies by our Board of Directors for the 2011 Annual Meeting of Stockholders (the "Annual Meeting"). We are first furnishing this proxy statement and the accompanying form of proxy to stockholders on or about August 19, 2011. In this proxy statement, except where the context suggests otherwise, we refer to Saratoga Investment Corp. as the "Company," "Saratoga," "we," "our" or "us" and the Board of Directors as the "Board."

We encourage you to vote your shares, either by voting in person at the Annual Meeting or by granting a proxy (*i.e.*, authorizing someone to vote your shares). If you properly sign and date the accompanying proxy card or otherwise provide voting instructions, either via the Internet or telephone, and the Company receives it in time for the Annual Meeting, the persons named as proxies will vote the shares registered directly in your name in the manner that you specified. **If you give no instructions on the proxy card, the shares covered by the proxy card will be voted FOR the election of the nominees as directors and FOR the other matters listed in the accompanying Notice of Annual Meeting of Stockholders.**

ANNUAL MEETING INFORMATION

Date and Location

We will hold the Annual Meeting on September 27, 2011 at 9:00 a.m., local time, at the offices of Sutherland Asbill & Brennan LLP, located at 1114 Avenue of the Americas 10018, New York, NY 10018.

Admission

Only record or beneficial owners of Saratoga common stock as of the close of business on August 15, 2011 or their proxies may attend the Annual Meeting. Beneficial owners must also provide evidence of stock holdings, such as a recent brokerage account or bank statement.

Purpose of Annual Meeting

At the Annual Meeting, you will be asked to vote on the following proposals:

1. To elect G. Cabell Williams and Michael J. Grisius as directors of Saratoga, each to serve until the 2014 Annual Meeting of Stockholders or until their successors are duly elected and qualified;
2. To approve a proposal to authorize the Company to sell or otherwise issue the Company's common stock at a price below the Company's then current net asset value per share; and
3. To transact such other business as may properly come before the Annual Meeting and any adjournments or postponements.

VOTING INFORMATION

Record Date and Quorum

The record date for the Annual Meeting is the close of business on August 15, 2011 (the "Record Date"). You may cast one vote for each share of common stock that you own as of the Record Date. On the Record Date, 3,277,077 shares of common stock were outstanding. A quorum is necessary to hold a valid meeting. The presence, in person or by proxy, of stockholders entitled to cast a majority of the votes entitled to be cast at the meeting will constitute a quorum at the meeting. Abstentions are counted as present for purposes of establishing a quorum.

If a quorum is not present at the Annual Meeting, the stockholders who are represented may adjourn the Annual Meeting until a quorum is present. The persons named as proxies will vote those proxies for such adjournment, unless marked to be voted against any proposal for which an adjournment is sought, to permit the further solicitation of proxies.

Submitting Voting Instructions for Shares Held Through a Broker

If you hold shares of common stock through a broker, bank or other nominee, you must follow the voting instructions you receive from your broker, bank or nominee. If you hold shares of common stock through a broker, bank or other nominee and you want to vote in person at the meeting, you must obtain a legal proxy from the record holder of your shares and present it at the meeting. If you do not submit voting instructions to your broker, bank or other nominee, your broker, bank or other nominee is not permitted to vote your shares on any proposal considered at the meeting.

Authorizing a Proxy for Shares Held in Your Name

If you are a record holder of shares of common stock, you may authorize a proxy to vote on your behalf by mail, as described on the enclosed proxy card. Authorizing a proxy will not limit your right to vote in person at the meeting. A properly completed, executed and submitted proxy will be voted in accordance with your instructions, unless you subsequently revoke the proxy. If you authorize a proxy without indicating your voting instructions, the proxyholder will vote your shares according to the Board's recommendations.

Revoking Your Proxy

If you are a stockholder of record, you can revoke your proxy by (1) delivering a written revocation notice prior to the Annual Meeting to our Secretary, Richard A. Petrocelli, at 535 Madison Avenue New York, New York 10022; (2) delivering a later-dated proxy that we receive no later than the opening of the polls at the meeting; or (3) voting in person at the meeting. If you hold shares of common stock through a broker, bank or other nominee, you must follow the instructions you receive from your nominee in order to revoke your voting instructions. Attending the Annual Meeting does not revoke your proxy unless you also vote in person at the meeting.

Votes Required to Adopt the Proposals

<u>Proposal</u>	<u>Vote Required</u>	<u>Broker Discretionary Voting Allowed?</u>	<u>Effect of Abstentions and Broker Non-Votes</u>
<p>Proposal 1—Election of G. Cabell Williams and Michael J. Grisius as directors of Saratoga Investment Corp., each to serve until the 2014 Annual Meeting of Stockholders or until their successors are duly elected and qualified.</p>	<p>Affirmative vote of the holders of a majority of the shares of stock outstanding and entitled to vote at the Annual Meeting.</p>	<p>No</p>	<p>Abstentions and broker non-votes, if any, will have the effect of a vote against this proposal.</p>
<p>Proposal 2—Approval of a proposal to authorize the Company to sell or otherwise issue the Company's common stock at a price below the then current net asset value per share.</p>	<p>Pursuant to the Investment Company Act of 1940 (the "1940 Act"), approval of this proposal requires the affirmative vote of: (i) a "majority of the outstanding shares of common stock" of the Company; and (ii) a "majority of the outstanding shares of common stock" of the Company which are not held by affiliated persons of the Company, which includes our directors, officers, employees and 5% stockholders.</p> <p>For purposes of this proposal, the 1940 Act defines "a majority of the outstanding shares common stock" as: (A) 67% or more of the shares of common stock present at the Annual Meeting if the holders of more than 50% of the outstanding shares of common stock of Saratoga are present or represented by proxy; or (B) 50% of the outstanding shares of common stock of Saratoga, whichever is the less.</p>	<p>No</p>	<p>Abstentions and broker non-votes, if any, will have the effect of a vote against this proposal.</p>

The Company will bear the expense of the solicitation of proxies for the Annual Meeting. The Company has retained Morrow & Co., LLC to assist in the solicitation of proxies for estimated fees of \$15,000, plus out-of-pocket expenses. We have requested that brokers, nominees, fiduciaries and other

persons holding shares in their names, or in the names of their nominees, which are beneficially owned by others, to forward the proxy materials to, and obtain proxies from, such beneficial owners. We will reimburse such persons for their reasonable expenses in so doing.

Householding of Proxy Statement Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

A number of brokerages and other institutional holders of record have implemented householding. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. If you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker. Stockholders who currently receive multiple copies of the proxy statement at their addresses and would like to request information about householding of their communications should contact their brokers or other intermediary holder of record.

BENEFICIAL OWNERSHIP OF COMMON STOCK

The following table sets forth, as of August 15, 2011, the beneficial ownership of each current director, the nominees for director, the Company's executive officers, each person known to us to beneficially own 5% or more of the outstanding shares of our common stock, and the executive officers and directors as a group.

The percentage ownership is based on 3,277,077 shares of common stock outstanding as of August 15, 2011. Shares of common stock that are subject to warrants or other convertible securities currently exercisable or exercisable within 60 days thereof, are deemed outstanding for the purposes of computing the percentage ownership of the person holding these options or convertible securities, but are not deemed outstanding for computing the percentage ownership of any other person. Beneficial ownership is determined under the rules of the SEC and generally includes voting or investment power with respect to securities. To our knowledge, unless otherwise indicated in the footnotes to this table, the persons and entities named in the table have sole voting and sole investment power with respect to all shares beneficially owned. Unless otherwise indicated by footnote, the address for each listed individual is Saratoga Investment Corp., 535 Madison Avenue, New York, New York 10022.

PROPOSAL 1—ELECTION OF DIRECTORS

Our business and affairs are managed under the direction of our Board. Pursuant to our Articles of Incorporation, the Board may modify the number of members of the Board provided that the number of directors will not be fewer than three or greater than eleven and that no decrease in the number of directors shall shorten the term of any incumbent director. The Board currently consists of five members, of whom three are not "interested persons" of Saratoga, as defined in Section 2(a)(19) of the 1940 Act. Section 303A.01 of the New York Stock Exchange Listed Company Manual requires that the Company maintain a majority of independent directors on the Board and further provides that a director of a business development company ("BDC") shall be considered to be independent if he or she is not an "interested person" of the Company, as defined in Section 2(a)(19) of the 1940 Act.

Under our Articles of Incorporation, our directors are divided into three classes. Each class of directors will hold office for a three-year term, and until his or her successor is duly elected and qualified. At each Annual Meeting, the successors to the class of directors whose terms expire at such meeting will be elected to hold office for a term expiring at the Annual Meeting of Stockholders held in the third year following the year of their election and until their successors have been duly elected and qualified or any director's earlier resignation, death or removal.

Mr. Williams has been nominated for re-election for a three-year term expiring in 2014 and Mr. Grisius has been nominated to be elected for a three-year term expiring in 2014. One of the Company's current directors, Richard A. Petrocelli, is not seeking reelection to the Board at the Annual Meeting. As a result, his term as a member of the Board will expire at the Annual Meeting. However, Mr. Petrocelli will continue to serve the Company as its Chief Financial Officer, Secretary and Chief Compliance Officer. No person being nominated as a director is being proposed for election pursuant to any agreement or understanding between any such person and the Company.

A stockholder can vote for or against each of the nominees or abstain from voting. **In the absence of instructions to the contrary, it is the intention of the persons named as proxies to vote such proxy FOR the election of the nominees named below.** If a nominee should decline or be unable to serve as a director, it is intended that the proxy will be voted for the election of such person nominated as a replacement. The Board has no reason to believe that the persons named will be unable or unwilling to serve.

Our Board unanimously recommends a vote "FOR" this proposal.

However, Mr. Petrocelli will continue to serve the Company as its Chief Financial Officer, Secretary and Chief Compliance Officer.

Mr. Petrocelli began his career as an accountant before transitioning to alternative assets at Gabelli Asset Management Company in 1993. Mr. Petrocelli's background brings financial expertise to the diligence and oversight processes, which is critically important when dealing in complex transactions. In addition to his involvement in originating, structuring, negotiating, consummating, managing and monitoring investments at Saratoga Partners, Mr. Petrocelli is currently the Chief Financial Officer of Saratoga Partners and is responsible for reporting and compliance. Mr. Petrocelli joined Saratoga Partners in 1998 from Gabelli Asset Management. At Gabelli Asset Management, Mr. Petrocelli was a Vice President in the corporate finance department with a primary focus on the Company's alternative investment business. Prior to that, he was a senior accountant at BDO Siedman. Mr. Petrocelli has served as a director of a number of Saratoga Partners' portfolio companies.

Mr. Petrocelli graduated with a BSBA from Georgetown University in 1990 and earned an MBA from New York University's Stern School of Business in 1999. He is a Certified Public Accountant. Mr. Petrocelli's qualifications as a director include his broad experience in investment management, private equity and corporate reorganizations, as well as his intimate knowledge of the Company's operations, gained through his service as an executive officer.

Board Leadership and the Board's Role in the Oversight of Risk Management

Our board of directors monitors and performs an oversight role with respect to the business and affairs of the Company, including with respect to investment practices and performance, compliance with regulatory requirements and the services, expenses and performance of service providers to the Company. Among other things, our board of directors approves the appointment of our investment

adviser, administrator and officers; reviews and monitors the services and activities performed by our investment adviser, administrator and officers; and approves the engagement, and reviews the performance of, our independent public accounting firm.

Under our bylaws, the Board may designate a chairman to preside over the meetings of the Board and meetings of the stockholders and to perform such other duties as may be assigned to him by the Board. The Company does not have a fixed policy as to whether the chairman of the Board should be an independent director and believes that its flexibility to select its chairman and reorganize its leadership structure from time to time is in the best interests of the Company and its stockholders.

Mr. Oberbeck, who is an "interested person" of the Company as defined in Section 2(a)(19) of the 1940 Act, serves as both the chief executive officer and president and chairman of the Board. The Board believes that Mr. Oberbeck, as chief executive officer and president of the Company and as a principal of Saratoga Investment Advisors, is the director with the most knowledge of our business strategy and is best situated to serve as chairman of the Board. The Board does not currently have a lead independent director. We believe that our board leadership structure must be evaluated on a case-by-case basis and that our existing board leadership structure is appropriate. However, we continually re-examine our corporate governance policies on an ongoing basis to ensure that they continue to meet our needs.

The Board, directly and through the audit committee and other committees of the Board, takes an active role in the oversight of the Company's policies with respect to the assessment and management of enterprise risk. Among other things, the Board has policies in place for identifying the senior executive responsible for key risks as well as the Board committees with oversight responsibility for particular key risks. In a number of cases, oversight is conducted by the full Board. Our Board also performs its risk oversight responsibilities with the assistance of the chief compliance officer. The chief compliance officer is designated to oversee compliance with the federal securities laws.

We believe that our Board and its committees' role in risk oversight complements our Board's leadership structure because it allows our independent directors, through three fully independent board committees, auditor and independent valuation providers, our chief compliance officer, and otherwise, to exercise oversight of risk without any conflict that might discourage critical review. We believe that our board leadership structure and the Board's approach to risk oversight must be evaluated on a case-by-case basis and that the Board's role in risk oversight is appropriate. However, we continually re-examine the manner in which the Board administers its oversight function on an ongoing basis to ensure that it continues to meet our needs.

We have entered into an investment advisory and management agreement with Saratoga Investment Advisors, LLC. We have also entered into a license agreement with Saratoga Investment Advisors, LLC, pursuant to which Saratoga Investment Advisors has agreed to grant us a non-exclusive, royalty-free license to use the name "Saratoga." In addition, pursuant to the terms of the administration agreement, Saratoga Investment Advisors, LLC provides us with the office facilities and administrative services necessary to conduct our day-to-day operations. Mr. Oberbeck, our chief executive officer and president, is the primary investor in and controls Saratoga Investment Advisors, LLC.

Review, Approval or Ratification of Transactions with Related Persons

The Audit Committee of our Board is required to review and approve any transactions with related persons (as such term is defined in Item 404 of Regulation S-K).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own 10% or more of our voting stock, to file reports of ownership and changes in ownership of our equity securities with the SEC. Directors, executive officers and 10% or more holders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the copies of those forms furnished to us, or written representations that no such forms were required, we believe that our directors, executive officers and 10% or more beneficial owners complied with all Section 16(a) filing requirements during the year ended February 28, 2011; except that both Mr. Looney and Mr. Whitman had one late filing due to an error in filing procedure.

Director Independence

In accordance with rules of the New York Stock Exchange (the "NYSE"), the Board annually determines the independence of each director. No director is considered independent unless the Board has determined that he or she has no material relationship with the Company. The Company monitors the status of its directors and officers through the activities of the Company's Nominating and Corporate Governance Committee and through a questionnaire to be completed by each director no less frequently than annually, with updates periodically if information provided in the most recent questionnaire has changed.

In order to evaluate the materiality of any such relationship, the Board uses the definition of director independence set forth in the NYSE Listed Company Manual. Section 303A.00 of the NYSE Listed Company Manual provides that business development companies, or BDCs, such as the Company, are required to comply with all of the provisions of Section 303A applicable to domestic issuers other than Sections 303A.02, the section that defines director independence. Section 303A.00 provides that a director of a BDC shall be considered to be independent if he or she is not an "interested person" of the Company, as defined in Section 2(a)(19) of the 1940 Act. Section 2(a)(19) of the 1940 Act defines an "interested person" to include, among other things, any person who has, or within the last two years had, a material business or professional relationship with the Company.

The Board has determined that each of the directors and nominees is independent and has no relationship with the Company, except as a director and stockholder of the Company, with the exception of Messrs. Oberbeck and Petrocelli, who are interested persons of the Company due to their positions as officers of the Company.

Annual Evaluation

Our directors perform an evaluation, at least annually, of the effectiveness of the Board and its committees. This evaluation includes an annual questionnaire and Board and Board committee discussion.

Board Meetings and Committees

Our Board met 18 times during fiscal year 2011. Each director attended at least 75% of the total number of meetings of the Board and committees on which the director served that were held while the director was a member. The Board's standing committees are set forth below. We require each director to make a diligent effort to attend all Board and committee meetings, as well as each Annual Meeting of Stockholders. Three of the five directors attended the 2010 Annual Meeting of Stockholders in person.

Communications with Directors

Stockholders and other interested parties may contact any member (or all members) of the Board by mail. To communicate with the Board, any individual directors or any group or committee of directors, correspondence should be addressed to the Board or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent to Saratoga Investment Corp., 535 Madison Avenue, New York, New York 10022, Attention: Secretary. Any communication to report potential issues regarding accounting, internal controls and other auditing matters will be directed to the Audit Committee. Appropriate personnel of the Company will review and sort through communications before forwarding them to the addressee(s).

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to which applies to, among others, our executive officers, including our principal executive officer and principal financial officer, as well as every officer, director and employee of the Company. Requests for copies should be sent in writing to Saratoga Investment Corp., 535 Madison Avenue, New York, New York 10022. The Company's Code of Business Conduct and Ethics is also available on our website at <http://saratogainvestmentcorp.com>.

If we make any substantive amendment to, or grant a waiver from, a provision of our Code of Business Conduct and Ethics, we will promptly disclose the nature of the amendment or waiver on our website at <http://saratogainvestmentcorp.com>.

Committees of the Board of Directors

Audit Committee

The current members of the audit committee are Steven M. Looney (Chairman), Charles S. Whitman III and G. Cabell Williams. The Board has determined that Mr. Looney is an "audit committee financial expert" as defined under Item 407 of Regulation S-K of the Securities Exchange Act of 1934 and that each of Messrs. Whitman and Williams are "financially literate" as required by NYSE corporate governance standards. All of these members are independent directors. The audit committee is responsible for approving our independent accountants, reviewing with our independent accountants the plans and results of the audit engagement, approving professional services provided by our independent accountants, reviewing the independence of our independent accountants and reviewing the adequacy of our internal accounting controls. The audit committee is also responsible for aiding our board of directors in determining the fair value of debt and equity investments that are not publicly traded or for which current market values are not readily available; where appropriate, the board of directors and audit committee may utilize the services of an independent valuation firm to assist them in determining the fair value of these investments. Finally, the audit committee also reviews our financial statements and the disclosure thereof and the adequacy of our disclosure controls and procedures.

Authority

The audit committee is authorized (without seeking Board approval) to retain special legal, accounting or other advisors and may request any officer or employee of the Company or the Company's outside counsel or independent auditor to meet with any members of, or advisors to, the audit committee. The audit committee has available appropriate funding from the Company as determined by the audit committee for payment of: (i) compensation to any accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, (ii) compensation to any advisers employed by the audit committee, and (iii) ordinary administrative expenses of the audit committee that are necessary or appropriate in carrying out its duties. The audit committee may delegate its authority to subcommittees or the chairman of the audit committee when it deems appropriate and in the best interests of the Company.

Procedures

The audit committee meets as often as it determines is appropriate to carry out its responsibilities under its charter, but not less frequently than quarterly. The chairman of the audit committee, in consultation with the other committee members, determines the frequency and length of the committee meetings and sets meeting agendas consistent with its charter. The audit committee meets separately, periodically, with management, with internal auditors or other personnel responsible for the internal audit function and with the independent auditor.

A charter of the audit committee is available in print to any stockholder who requests it and it is also available on the Company's website at www.saratogainvestmentcorp.com.

Nominating and Corporate Governance Committee

The current members of the nominating and corporate governance committee are Charles S. Whitman III (Chairman), G. Cabell Williams and Steven M. Looney. All of these members are independent directors. The nominating and corporate governance committee is responsible for identifying individuals qualified to become board members, and recommending to the Board director nominees for election at the next annual or special meeting of shareholders at which directors are to be elected or to fill any vacancies or newly created directorships that may occur between such meetings, recommending directors for appointment to Board committees, making recommendations to the Board as to determinations of director independence, overseeing the evaluation of the Board, overseeing and setting compensation for the Company's directors.

In making its recommendations for Board and committee membership, the nominating and corporate governance committee reviews candidates' qualifications for membership on the Board or a committee of the Board (including making a specific determination as to the independence of each candidate) based on the criteria approved by the Board (and taking into account the enhanced independence, financial literacy and financial expertise standards required under law or the New York Stock Exchange rules for audit committee membership purposes). In evaluating current directors for re-nomination to the Board or re-appointment to any Board committees, the nominating and corporate governance committee assesses the performance of such directors, periodically reviews the composition of the Board and its committees in light of the current challenges and needs of the Board, the Company and each committee, and determines whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, age, skills, background and experience, considers rotation of committee members and committee chairmen and considers any other factors that are set forth in the Company's corporate governance procedures or are deemed appropriate by the nominating and corporate governance committee or the Board. The nominating and corporate governance committee considers issues of judgment, diversity, age, skills, background and experience in evaluating candidates for membership on the Board.

The nominating and corporate governance committee does not have a formal policy on the consideration of director candidates recommended by stockholders. The board of directors believes that it is more appropriate to give the nominating and corporate governance committee flexibility in evaluating stockholder recommendations. In the event that a director nominee is recommended by a stockholder, the nominating and corporate governance committee will give due consideration to the director nominee and will use the same criteria used for evaluating board director nominees, in addition to considering the information relating to the director nominee provided by the stockholder.

Authority

The nominating and corporate governance committee has the sole authority to retain and terminate any search firm assisting the nominating and corporate governance committee in identifying director candidates, including sole authority to approve all such search firm's fees and other retention terms. In addition, the nominating and corporate governance committee has the sole authority to retain and terminate any compensation consultant assisting the nominating and corporate governance committee in the evaluation of director compensation, including sole authority to approve all such compensation consultant's fees and other retention terms. The nominating and corporate governance committee may delegate its authority to subcommittees or the chair of the nominating and corporate governance committee when it deems appropriate and in the best interests of the Company.

Procedures

The nominating and corporate governance committee meets as often as it determines is appropriate to carry out its responsibilities under its charter. The chair of the committee, in consultation with the other committee members, determines the frequency and length of the committee meetings and shall set meeting agendas consistent with its charter.

A charter of the nominating and corporate governance committee is available in print to any stockholder who requests it, and it is also available on the Company's website at www.saratogainvestmentcorp.com.

Compensation Committee

The current members of the compensation committee are G. Cabell Williams (Chairman), Steven M. Looney and Charles S. Whitman III. All of these members are independent directors. The compensation committee is responsible for overseeing the Company's compensation policies generally and making recommendations to the Board with respect to incentive compensation and equity-based plans of the Company that are subject to Board approval, evaluating executive officer performance and reviewing the Company's management succession plan, overseeing and setting compensation for the Company's directors and, as applicable, its executive officers and, as applicable, preparing the report on executive officer compensation that SEC rules require to be included in the Company's annual proxy statement. Currently, none of our executive officers are compensated by the Company and as such the compensation committee is not required to produce a report on executive officer compensation for inclusion in our annual proxy statement.

The compensation committee has the sole authority to retain and terminate any compensation consultant assisting the compensation committee, including sole authority to approve all such compensation consultant's fees and other retention terms. The compensation committee may delegate its authority to subcommittees or the chairman of the compensation committee when it deems appropriate and in the best interests of the Company.

Procedures

The compensation committee shall meet as often as it determines is appropriate to carry out its responsibilities under its charter. The chairman of the compensation committee, in consultation with the other committee members, shall determine the frequency and length of the committee meetings and shall set meeting agendas consistent with its charter. No executive officer should attend that portion of any meeting where such executive's performance (or, as applicable, compensation) is discussed, unless specifically invited by the compensation committee.

A charter of the compensation committee is available in print to any stockholder who requests it and is also available on the Company's website at www.saratogainvestmentcorp.com.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2011, none of the Company's executive officers served on the board of directors (or a compensation committee thereof or other board committee performing equivalent functions) of any entities that had one or more executive officers serve on the compensation committee or on the board of directors. No current or past executive officers or employees of the Company or its affiliates serve on the compensation committee.

Executive Compensation

Currently, none of our executive officers are compensated by us. We currently have no employees, and each of our executive officers is also an employee of Saratoga Investment Advisors. Services necessary for our business are provided by individuals who are employees of Saratoga Investment Advisors, pursuant to the terms of the investment advisory and management agreement and the administration agreement.

Director Compensation

Our independent directors receive an annual fee of \$40,000. They also receive \$2,500 plus reimbursement of reasonable out-of-pocket expenses incurred in connection with attending each board meeting and receive \$1,000 plus reimbursement of reasonable out-of-pocket expenses incurred in connection with attending each committee meeting. In addition, the chairman of the audit committee receives an annual fee of \$5,000 and the chairman of each other committee receives an annual fee of \$2,000 for their additional services in these capacities. In addition, we have purchased directors' and officers' liability insurance on behalf of our directors and officers. Independent directors have the option to receive their directors' fees in the form of our common stock issued at a price per share equal to the greater of net asset value or the market price at the time of payment. No compensation is paid to directors who are "interested persons."

The following table sets forth information concerning total compensation earned by or paid to each of our directors during the fiscal year ended February 28, 2011:

<u>Name</u>	<u>Fees Earned or Paid in Cash</u>	<u>Total</u>

**PROPOSAL 2—AUTHORIZE THE COMPANY TO SELL OR OTHERWISE ISSUE COMMON
STOCK AT A PRICE BELOW THE COMPANY'S THEN CURRENT NET ASSET VALUE
PER SHARE ("NAV")**

The Company is a closed-end investment company that has elected to be regulated as a BDC under the 1940 Act. The 1940 Act prohibits the Company from selling shares of its common stock at a price below the current NAV of such stock, with certain exceptions. One such exception would permit the Company to sell or otherwise issue shares of its common stock during the next year at a price below the Company's then current NAV if its stockholders approve such a sale and the Company's directors make certain determinations.

Pursuant to this provision, the Company is seeking the approval of its common stockholders so that it may, in one or more public or private offerings of its common stock, sell shares of its common stock at a price below its then current NAV, subject to certain conditions discussed below. If approved, the authorization would be effective for a period expiring on the earlier of the one year anniversary of the date of the Company's 2011 Annual Meeting of Stockholders and the date of the Company's 2012 Annual Meeting of Stockholders, which is expected to be held in September 2012. The latest date at which such authorization would expire is September 27, 2012.

Background and Reasons

The Company's board of directors believes that having the flexibility for the Company to sell its common stock below NAV in certain instances is in the Company's best interests and the best interests of its stockholders. If the Company were unable to access the capital markets when attractive investment opportunities arise, the Company's ability to grow over time and to pay dividends to stockholders could be adversely affected. In reaching that conclusion, the Company's board of directors considered the following possible benefits to its stockholders:

Current Market Conditions Have Created Attractive Opportunities

Current market dislocation has created, and the Company believes will continue to create for the foreseeable future, favorable opportunities to invest, including opportunities that, all else being equal, may increase NAV over the longer-term, even if financed with the issuance of common stock below NAV. Shareholder approval of this proposal, subject to the conditions detailed above, is expected to provide the Company with the flexibility to invest in such opportunities, even if the Company's common stock was trading below NAV. The Company believes that current market conditions provide attractive opportunities to deploy capital.

Recent changes in market conditions also had beneficial effects for capital providers, including reduced competition, more favorable pricing of credit risk, more conservative capital structures, and more creditor-friendly contractual terms. Further, although valuations have partially recovered, additional opportunity remains in the secondary market. Accordingly, for firms that continue to have access to capital, the current environment should provide investment opportunities on more favorable terms than were available prior to the recession. The Company's ability to take advantage of these opportunities will depend upon its continued access to capital.

Greater Investment Opportunities Due to Larger Capital Resources

The Company's board of directors believes that additional capital raised through an offering of shares of its common stock may help it generate additional deal flow. Based on discussions with management, the Company's board of directors believes that greater deal flow, which may be achieved with more capital, would enable the Company to be a more significant participant in the private debt and equity markets and to compete more effectively for attractive investment opportunities. Management has represented to the Company's board of directors that such investment opportunities

may be funded with proceeds of an offering of shares of the Company's common stock. However, management has not identified specific companies in which to invest the proceeds of an offering given that specific investment opportunities will change depending on the timing of an offering, if any.

Higher Market Capitalization and Liquidity May Make the Company's Common Stock More Attractive to Investors

If the Company issues additional shares, its market capitalization and the amount of its publicly tradable common stock will increase, which may afford all holders of its common stock greater liquidity. A larger market capitalization may make the Company's stock more attractive to a larger number of investors who have limitations on the size of companies in which they invest. Furthermore, a larger number of shares outstanding may increase the Company's trading volume, which could decrease the volatility in the secondary market price of its common stock.

Reduced Expenses Per Share

An offering that increases the Company's total assets may reduce its expenses per share due to the spreading of fixed expenses over a larger asset base. The Company must bear certain fixed expenses, such as certain administrative, governance and compliance costs that do not generally vary based on its size. On a per share basis, these fixed expenses will be reduced when supported by a larger asset base.

Status as a BDC and RIC and Maintaining a Favorable Debt-to-Equity Ratio

As a BDC and a RIC, for tax purposes, the Company is dependent on its ability to raise capital through the sale of common stock. RICs generally must distribute substantially all of their earnings from dividends, interest and short-term gains to stockholders as dividends in order to achieve pass-through tax treatment, which prevents the Company from using those earnings to support new investments. Further, for the same reason BDCs, in order to borrow money or issue preferred stock, must maintain a debt to equity ratio of not more than 1:1, which requires the Company to finance its investments with at least as much common equity as debt and preferred stock in the aggregate. Therefore, to continue to build the Company's investment portfolio, the Company endeavors to maintain consistent access to capital through the public and private equity markets enabling it to take advantage of investment opportunities as they arise.

Exceeding the required 1:1 debt-to-equity ratio could have severe negative consequences for a BDC, including an inability to pay dividends, possible breaches of debt covenants and failure to qualify for tax treatment as a RIC. Although the Company does not currently expect that it will exceed the required 1:1 debt-to-equity ratio, the markets the Company operates in and the general economy remain volatile and uncertain. Even though the underlying performance of a particular portfolio company may not indicate impairment or an inability to repay indebtedness in full, the volatility in the debt capital markets may continue to impact the valuations of debt investments negatively and result in unrealized write-downs of debt investments. Any such asset write-downs, as well as unrealized write-downs based on the underlying performance of the Company's portfolio companies, if any, will negatively impact its stockholders' equity and the resulting debt-to-equity ratio. Issuing new equity will improve the Company's debt-to-equity ratio. In addition to meeting legal requirements applicable to BDCs, having a more favorable debt-to-equity ratio will also generally strengthen the Company's balance sheet and give it more flexibility in its operations.

Trading History

The Company's common stock is traded on the NYSE under the symbol "SAR". Prior to July 30, 2010, our common stock traded on the NYSE under the symbol "GNV." The following table lists the high and low closing sales price for the Company's common stock and the closing sales price as a

percentage of NAV for the last completed fiscal year and the current fiscal year to date. On August 15, 2011, the last reported closing sale price of our common stock was \$17.74 per share which represents a discount of approximately 63% to the NAV reported as of May 31, 2011.

Shares of the Company's common stock have generally traded at prices above and below their NAV since they began trading on the NYSE. The disruption and instability in the global capital markets and uncertainty surrounding the global economy has led to significant stock market volatility, particularly with respect to the stock of financial services companies. During times of increased price volatility, the Company's common stock may trade at a price equal to, above or below its NAV, which is not uncommon for BDCs such as the Company. As noted above, however, the recent market disruption has created, and we believe will continue to create for the foreseeable future, favorable opportunities to invest, including opportunities that, all else being equal, may increase NAV over the longer-term, even if financed with the issuance of common stock at a price below NAV. Stockholder approval of this proposal is expected to provide the Company with the flexibility to invest in such opportunities and to repay outstanding borrowings.

The Board believes it is in the best interests of stockholders to allow the Company flexibility to issue its common stock at a price below NAV in certain instances. The Company's ability to grow over time and to pay dividends to stockholders could be adversely affected if the Company were unable to access the capital markets as attractive investment opportunities arise. Inability to access the capital markets could also have the effect of forcing the Company to sell assets that the Company would not otherwise sell and at disadvantageous times.

The Company has no immediate plans to sell any shares of its common stock at a price below NAV. However, the Company is seeking stockholder approval to sell its shares of common stock below NAV in order to provide flexibility for future sales, which typically must be undertaken quickly. The final terms of any such sale will be determined by the Board at the time of sale. If this proposal is approved, no further authorization from the stockholders will be solicited prior to any such sale in accordance with the terms of this proposal. The Company has no intention to sell shares of common

stock pursuant to this authorization at a price below the Company's net asset value per share to any of its affiliates.

Conditions to Sales Below NAV

If our stockholders approve this proposal, the Company will be permitted to sell shares of its common stock at a price below NAV per share only if the following conditions are met:

(1) a majority of the Company's independent directors who have no financial interest in the sale have determined that such sale would be in the best interests of the Company and its stockholders; and

(2) a majority of the Company's independent directors, in consultation with the underwriter or underwriters of the offering if it is to be underwritten, have determined in good faith, and as of a time immediately prior to the first solicitation by or on behalf of the Company of firm commitments to purchase such securities or immediately prior to the issuance of such securities, that the price at which such securities are to be sold is not less than a price which closely approximates the market value of those securities, less any underwriting commission or discount.

Key Stockholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, stockholders should consider the dilutive effect on the NAV per outstanding share of common stock of the issuance of shares of the Company's common stock at a price less than NAV per share. Any sale of common stock at a price below NAV would result in an immediate dilution to existing stockholders. This dilution would include reduction in the NAV per share of outstanding shares of common stock as a result of the issuance of shares of common stock at a price below the then current NAV per share and a proportionately greater decrease in a stockholder's interest in the earnings and assets of the Company and voting interest in the Company. The Board will consider the dilutive effect when considering whether to authorize any such issuance.

When stock is sold at a sale price below NAV per share, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the issuer. Stockholders should also consider that they will have no subscription, preferential or preemptive rights to additional shares of the common stock proposed to be authorized for issuance, and thus any future issuance of common stock at a price below NAV will dilute a stockholder's holdings of common stock as a percentage of shares outstanding to the extent the stockholder does not purchase sufficient shares in the offering or otherwise to maintain the stockholder's percentage interest. Further, if the stockholder does not purchase any shares to maintain the stockholder's percentage interest, regardless of whether such offering is at a price above or below the then current NAV, the stockholder's voting power will be diluted.

Examples of Dilutive Effect of the Issuance of Shares Below NAV

The following table illustrates the level of NAV dilution that would be experienced by a nonparticipating stockholder in three different hypothetical common stock offerings of different sizes and levels of discount from NAV per share, although it is not possible to predict the level of market price decline that may occur. Actual sales prices and discounts may differ from the presentation below.

The examples assume that Company XYZ has 1,000,000 shares of common stock outstanding, \$15,000,000 in total assets and \$5,000,000 in total liabilities. The current NAV and NAV per share are thus \$10,000,000 and \$10.00. The table illustrates the dilutive effect on nonparticipating Stockholder A of (1) an offering of 100,000 shares (10% of the outstanding shares) at \$9.00 per share after offering expenses and commissions (a 10% discount from NAV); and (2) an offering of 200,000 shares (20% of

the outstanding shares) at \$0.001 per share after offering expenses and commissions (a 100% discount from NAV).

OTHER MATTERS

Audit Committee Report

The audit committee is appointed by the Board to review the Company's financial matters. Each member of the audit committee meets the independence requirements established by the 1940 Act and under the applicable listing standards of the NYSE. The audit committee is responsible for the selection, engagement, compensation, retention and oversight of the Company's independent registered public accounting firm. We are also responsible for recommending to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year.

In making our recommendation that the Company's financial statements be included in its Annual Report on Form 10-K for the year ended February 28, 2011, we have taken the following steps:

- We discussed with Ernst & Young LLP, the Company's independent registered public accounting firm for the year ended February 28, 2011, those matters required to be discussed by Statements on Auditing Standards Nos. 61 and 90, each as amended, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants, including information regarding the scope and results of the audit. These communications and discussions are intended to assist us in overseeing the financial reporting and disclosure process.
- We conducted periodic executive sessions with Ernst & Young LLP, with no members of the Company's management present during those discussions. Ernst & Young LLP did not identify any material audit issues, questions or discrepancies, other than those previously discussed with management, which were resolved to the satisfaction of all parties.
- We received and reviewed the written disclosures and the letter from Ernst & Young LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with us concerning independence, and we discussed with Ernst & Young LLP its independence from the Company. We also considered whether the provision of non-audit services to the Company is compatible with Ernst & Young LLP's independence.
- We determined that there were no former Ernst & Young LLP employees, who previously participated in the Company's audit, engaged in a financial reporting oversight role at the Company.
- We reviewed, and discussed with the Company's management and Ernst & Young LLP, the Company's audited consolidated statement of assets and liabilities at February 28, 2011, and consolidated statements of operations, consolidated statements of changes in net assets and consolidated statements of cash flows for the year ended February 28, 2011.

Based on the reviews and actions described above, we recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended February 28, 2011 for filing with the SEC.

THE AUDIT COMMITTEE

Steven M. Looney, Chair
Charles S. Whitman III
G. Cabell Williams

Independent Registered Public Accounting Firm

Our Board has ratified the decision of the audit committee to appoint Ernst & Young LLP to serve as our independent registered public accounting firm until February 28, 2012. We expect that representatives of Ernst & Young LLP will be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and to respond to appropriate questions.

For the years ended February 28, 2011 and February 28, 2010, the Company incurred the following fees for services provided by Ernst & Young LLP, including expenses:

	Fiscal Year Ended February 28, 2011	Fiscal Year Ended February 28, 2010
Audit Fees	\$ 235,000	\$ 195,000
Audit Related Fees	150,000	150,000
Tax Fees	37,000	37,000
All Other Fees	30,000	—
Total Fees	\$ 452,000	\$ 382,000

Audit Fees. Audit fees include fees for services that normally would be provided by the accountant in connection with statutory and regulatory filings or engagements and that generally only the independent accountant can provide. In addition to fees for the audit of our annual financial statements, the audit of the effectiveness of our internal control over financial reporting and the review of our quarterly financial statements in accordance with generally accepted auditing standards, this category contains fees for comfort letters, statutory audits, consents, and assistance with and review of documents filed with the SEC.

Audit Related Fees. Audit related fees are assurance related services that traditionally are performed by the independent accountant, such as attest services that are not required by statute or regulation.

Tax Fees. Tax fees include services in conjunction with preparation of the Company's tax return.

All Other Fees. Fees for other services would include fees for products and services other than the services reported above.

It is the policy of the audit committee to pre-approve all audit, review or attest engagements and permissible non-audit services to be performed by our independent registered public accounting firm.

Dear Mr. Rupert:

On behalf of Saratoga Investment Corp. The Staff's comments are set forth below and are followed by the Company's responses. Please note that page references in the Company's responses refer to pages in the Company's Definitive Proxy Statement being transmitted for filing with the Securities and Exchange Commission hereith.

1. *We refer to the table entitled "Beneficial Ownership of Common Stock." Please revise the footnotes to the table to clarify that the percent of class of shares of common stock beneficially owned by Richard A. Response: The Company has modified the disclosure on page 5 accordingly.

2. *We refer to Proposal 2. Please confirm that, if the Company's stockholders approve such proposal, the Company has no intention to sell shares at a price below the Company's net asset value per share to any of its affiliates.*

Response: The Company confirms the foregoing and has modified the disclosure accordingly. See page 20 in the Definitive Proxy Statement.
